Welcome to Walton Wildlife Park and Zoo!

Meet some of our favourite animals!

This is Harry the baby hippo. Harry lives in the hippo house with his mum and three other hippos. Harry is one year old. Hippos eat grass. They can see and hear well. Hippos like water, but they can't swim. Harry loves water!

This is George. He lives in the giraffe garden. George has got long legs and he can run fast. He is very tall. His neck is two metres long. Giraffes eat leaves from trees. They eat early in the morning or late in the day. George is six years old. Giraffes live for 30 years.

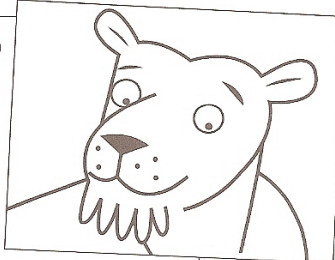

There are 30 penguins at the zoo. They live in the penguin pool. Penguins are black and white birds. They can't fly, but they can swim. Penguins love fish. Look at this penguin – it's eating a fish.

Living in the jungle

Look at the animals. Do they live in the jungle? Put a tick ✓ or a cross X.

52 Listen and circle the wrong words. 52 Listen again and write.

Can you imagine
Living here with me?
It's so much fun, playing in the sun
And sleeping by the apple tree.

Can you imagine
A jungle life for you?
Where the plants are clean and everything's green
My garden's like a tropical wood

*I'm living in the jungle,
Living in the open air.
You can listen to the sounds
Of the bears all around
Because there's life in the ocean
everywhere.*

*I'm living in the jungle,
Living in the open air.
You can listen to the sounds
Of the frogs all around
Because there's life in the savannah
everywhere.*
